Drawing Information

The Facebook Live game will have two rounds for participants to play the interactive word search game. The winner(s) of each of the rounds will be the participant(s) who comment on the Facebook Live post with the highest number of correct words found in the word search puzzle. After the rounds are complete, one winner will be chosen based on the highest cumulative number of correct words found in both rounds of the word search puzzles. In the event of a tie when calculating the cumulative number of correct words found in all five rounds, the Facebook Live Reacting software will choose a winner at random from the pool of tied respondents. Contestants who have won a contest on the Oklahoma Lottery social media platforms in the past 30 days are not eligible to win.

Winners will be notified via email, phone, or applicable social media platform of their winning status using the contact information provided with their entry. After initial contact, winner must complete the OLC validation process within three (3) days or winner will automatically forfeit the prize. If a winner is not able to be reached, the prize will be forfeited. Alternates will be contacted if the initial winner does not claim the prize.

The Oklahoma Lottery Commission (OLC) will take photos and/or videos of winner(s) accepting their prize. Winner(s) that claim their prize remotely or by mail will be required to submit a photo of themselves before prizes will be awarded. By accepting the prize, the winner(s) authorize the OLC to use their image/voice in recordings and photographs to be used for promotional advertising. Failure to comply will result in forfeit of prize and an alternate winner will be chosen.
